The respondents failed to pay and these costs are paid by the Board. A discussion ensued on ways to collect the outstanding costs and discussed ways to protect the Board from these types of expenses. Lori Judd suggested filing a 1099 to each of the respondents with outstanding debt to the Board. Dan Waite suggested seeking small claims and volunteered to secure a pro bono attorney to represent the Board. Both exams ran smoothly without incident. A closed meeting was held on July 14<sup>th</sup> to grade the exams. For future discussion, Ms. Uehara suggested holding the exam during a week day to ensure the facility is operating with staff and doors are unlocked. Due to CDC guidelines, a larger conference room may be needed to avoid hosting more than 1 session to administer the exam. No further comments.

**ITEM #8:** **Review of Board's Expenditures:** Debbie Uehara presented 2 items that may help reduce costs to the Board's monthly expenditures. Ms. Uehara proposed to cancel Cox Communications services and utilize the building's free Wi-Fi service and obtaining a cellular service; by doing so, the estimated saving per month could be \$135.00 or approximately \$1,620.00 annually. She also proposed utilizing a free email address provided by Gmail versus using a government email address that costs the Board \$83.52 per month or \$1,002.24 annually. Ms. Uehara contacted several state agencies to verify if using a government email address is required; she was unable to receive confirmation. However, she provided email addresses from 5 larger Boards that did not use a government email address. A copy of her report is attached and will be kept on file. Peggy Elias expressed her concerns of using the building's Wi-Fi that is not secured, she suggested keeping Cox Communication's secured internet service or obtain another secured service. Heidi Konsten suggested Verizon's secured Hotspot that could be used with a cellular phone. Without motion, the Board instructed Ms. Uehara to gather information on cellular and internet services and to move forward on creating Gmail email addresses.
